

Leeds Parish Council

Information and Data Protection Policy

1. Introduction

In order to conduct its business, services and duties, Leeds Parish Council processes a wide range of data, relating to its own operations and some which it handles on behalf of partners. In broad terms, this data can be classified as:

- Data shared in the public arena about the services it offers, its mode of operations and other information it is required to make available to the public.
- Confidential information and data not yet in the public arena such as ideas or policies that are being worked up.
- Confidential information about other organisations because of commercial sensitivity.
- Personal data concerning its current, past, and potential employees, Councillors, and volunteers.
- Personal data concerning individuals who contact it for information, to access its services or facilities or to make a complaint.

Leeds Parish Council will adopt procedures and manage responsibly, all data which it handles and will respect the confidentiality of both its own data and that belonging to partner organisations it works with and members of the public. In some cases, it will have contractual obligations towards confidential data, but in addition will have specific legal responsibilities for personal and sensitive information under data protection legislation.

This Policy is linked to our Document Retention Policy which will ensure information considerations are central to the ethos of the organisation.

The Parish Council will periodically review and revise this policy in the light of experience, comments from data subjects and guidance from the Information Commissioners Office.

Therefore, in the case of all information which is not personal or confidential, it will be prepared to make it available to partners and members of the Parish communities. 9. Making Information Available

The Publication Scheme is a means by which the Council can make a significant amount of information available routinely, without waiting for someone to specifically request it. The scheme is intended to encourage local people to take an interest in the work of the Council and its role within the community.

In accordance with the provisions of the Freedom of Information Act 2000, this Scheme specifies the classes of information which the Council publishes or intends to publish.

All formal meetings of Council and its committees are subject to statutory notice being given on notice boards, the Website and sent to the local media. All formal meetings are open to the public and press and reports to those meetings and relevant background papers are available for the public to see. The Council welcomes public participation and has a public participation session on each Council meeting. Details can be seen in the Council's Standing Orders, which are available on its website.

Occasionally, Council may need to consider matters in private. Examples of this are matters involving personal details of staff, or a particular member of the public, or where details of commercial/contractual sensitivity are to be discussed. This will only happen after a formal resolution has been passed to exclude the press and public and reasons for the decision are stated. Minutes from all formal meetings, including the confidential parts are public documents.

The Openness of Local Government Bodies Regulations 2014 requires written records to be made of certain decisions taken by officers under delegated powers. These are not routine operational and administrative decisions such as giving instructions to the workforce or paying an invoice approved by Council but would include urgent action taken after consultation with the Chairman, such as responding to a planning application in advance of Council. In other words, decisions which would have been made by Council had the delegation not been in place.

The 2014 Regulations also amend the Public Bodies (Admission to Meetings) Act 1960 to allow the public or press to film, photograph, or make an audio recording of council and committee meetings normally open to the public. The Council will where possible facilitate such recording unless it is being disruptive. It will also take steps to ensure that children, the vulnerable and members of the public who object to being filmed are protected without undermining the broader purpose of the meeting.

10. Disclosure Information

The Council will as necessary undertake checks on both staff and Councillors with the Disclosure and Barring Service and will comply with their Code of Conduct relating to the secure storage,

handling, use, retention and disposal of Disclosures and Disclosure Information.

11. Data Transparency

Government has also issued a further Code of Recommended Practice on Transparency, compliance of which is compulsory for Parish Councils with turnover (gross income or gross expenditure) not exceeding £25,000 per annum. These councils will be exempt from the requirement to have an external audit from April 2017. Leeds Parish Council exceeds this turnover but will nevertheless ensure the following information is published on its website for ease of access:

- End of year accounts
- Annual Governance Statements
- Internal Audit Reports
- Details of public land and building assets
- Agendas no later than three clear days before the meeting.
